

WHY SHOULD YOU INVEST IN OCI?

OCI is a private, non-profit organization and is the only organization in the state of Oklahoma that focuses on helping individuals improve their communities.

OCI implements three different programs that bring communities together for future vision planning and that teach citizens the leadership skills necessary to positively impact their communities.

Over 50 Oklahoma Communities have already been benefited from OCI's low-cost programs. We hope to continue our services at the same affordable fee.

OCI provides information and personal support to communities long after they have completed our programs.

The skills and information you take from OCI's three programs are immediately applicable to the work you do in your community.

To learn more about the work we do at OCI, please call or email our offices.
